

JP AVIONICS

VOLTAGE WARNING LIGHT

APPROVED MODEL LIST

This "Approved Model List" is part of the EASA approval for installation of the JP Avionics VWL-12 or VWL-24 voltage warning light. Installation of the VWL-12 or VWL-24 is approved for aircraft under EASA control AND are listed in this AML.

It is the installers responsibility of the installer to select the correct unit (VWL-12 or VWL-24) before installation. Installation should be carried out by or under supervision of an appropriate qualified person or company. Prior to installation of this modification it must be determined that the installation that the interrelationship between this modification and any other previously installed modification(s) and/or repair(s)

Please feel free to contact us if your aircraft is not listed, or is not under EASA control.
